

IT PROJECT MANAGER FOR IT CORE SERVICES (M/F/D)

As a successful, internationally operating company headquartered in Marchtrenk we develop and implement high-end material handling solutions worldwide. Thanks to our continuous growth, we are dealing with new challenges and therefore need to expand our Competence Centre IT. We are now looking for an Enterprise Systems Engineer for central IT Core Services and cloud solutions (mainly Microsoft products) to support the existing team. The focus of this position is the definition and standardisation of hardware, software and cloud landscapes including a holistic system life cycle management.

	Type of employment	Full-time
	Category	Development / Software / IT
	Location	Marchtrenk, Upper Austria

WHAT YOU'LL BE HANDLING

- Group-wide design, standardisation and harmonisation of IT core services and definition of the system life cycle
- Planning and coordination of IT core services and cloud projects on an international level in terms of deadlines, costs and quality
- Support and coordination of our IT partners during the implementation
- Ongoing monitoring of the core services and internal guidelines as well as preparation of the KPIs and the reporting system
- Responsibility for the licence management of Microsoft and cloud solutions

WHAT YOU'LL NEED

- Completed technical education (Higher Technical School, University/University of Applied Sciences) in the field of IT, Business Informatics, or similar
- At least 3 years of job experience in a comparable position are required
- Profound knowledge of Microsoft Services (server operating systems, active directory, Microsoft Exchange) and experience with cloud solutions
- Good project management skills as well as very good command of German and English
- Ability to work in a team, self-assertion as well as an independent, process- and solution-oriented way of working

WHAT YOU'LL RECEIVE

- A successful, privately owned company with a strong focus on culture and values
- A cooperative, appreciative working environment with your own area of responsibility
- Flexible working hours and lots of social benefits
- Cooperation with international teams and contribution to the creation of future-oriented business areas
- Short decision-making processes and working in an international environment

The minimum annual gross pay for this position is 42,664 Euros according to the collective agreement. A possible overpay depends on your individual job experience and qualification.
