

APPRENTICESHIP TRAINING – SYSTEMS AND INDUSTRIAL ENGINEERING (M/F/D)

Take your future into your own hands and start your apprenticeship at TGW in September 2021. TGW Logistics Group plans and implements highly automated logistics centres for international customers from A as in Adidas to Z as in Zalando.

You are interested in many different topics, technically skilled and fascinated by electrical engineering? You want to start your professional career right after you successfully completed your compulsory education? In this case, we are looking forward to receiving your application!

WHAT AWAITS YOU

- Basic education in electrical engineering and metalworking
- Working with pneumatics/electropneumatics
- Using technical documents and circuit diagrams
- Building/installation and commissioning of electrotechnical systems
- Troubleshooting for electrical machines and devices

WHAT YOU'LL NEED

- Successfully completed compulsory education
- Great interest in technology, especially electrical engineering
- Technical skills, commitment, diligence
- High willingness to learn and work in a team

WHAT YOU'LL RECEIVE

- A professional **education**
- A future-proof, stable and appreciative environment
- Room for learning and growing (e.g. additional professional and English courses, apprenticeship combined with A levels, preparation courses for vocational school and the final apprenticeship exam, further training and events enabling you to grow professionally and personally outside of the workplace)
- Additional **benefits** (e.g. employee restaurant, in-house fitness centres and a multifunctional area for leisure, exercising and working – the **TGW Activity Garden**).

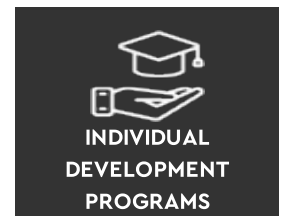

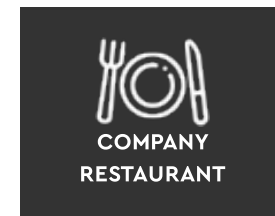

At the start of your 3.5-year apprenticeship, there will be a two-day outdoor workshop with all apprentices and the apprentice trainers. You will not only receive an apprentice's wage of 738.78 EUR (in the 1st year), but also monthly performance-based bonuses if you show outstanding commitment. Our goal is that you will continue your career at TGW after your apprenticeship. Depending on your strengths and interests, you have many different possibilities.

HOW TO APPLY AT TGW

- Submission of your application documents on our online portal (cover letter, curriculum vitae, school reports of the last two years)
- Scheduling of a trial workday (after the complete application documents)
