

SAP ABAP & PO DEVELOPER FOR GLOBAL S/4 ROLLOUTS (M/F/D)

In order to ensure our continuous growth and to drive it by providing an adequate infrastructure, the TGW Group runs a global ERP project. The goal is to integrate all 17 legal entities into this system upgrade. The implementation of our new SAP software world, S4 Hana, is particularly emphasised.

In this function, you will work on exciting SAP projects and will be responsible for programming SAP applications as well as for defining programming guidelines for the entire TGW group. You will support the projects in all phases of the software development and you will be responsible for an accurate specification as well as an adequate realisation, continuous monitoring and testing of your own developments. With your responsible way of working and your interest in new technologies, you can expect diversified tasks in a dynamic environment.

WHAT YOU'LL BE HANDLING

- Establishment of group-wide programming guidelines
- Planning, conceptual design and development of high-quality, company-specific SAP applications and interfaces based on ABAP/4, ABAP OO and SAP PO
- Implementation of forms in Adobe Forms
- Definition and development of standardised SAP interfaces (BAPIs, ALE, RFC, EDI etc.)
- Close collaboration and regular consultation concerning programming guidelines with internal and external SAP consultants
- Technical documentation and 3rd level support

WHAT YOU'LL NEED

- Successfully completed IT education (Higher Technical College, University of Applied Sciences/university) with focus on (Business) Informatics, Information Technology, Organisational Development or similar
- At least 3 years of experience in ABAP and/or Ui5 development
- Knowledge of SAP Fiori, SAPUI5, HTML5 and/or JavaScript desirable
- Practical experience in project-oriented programming
- Excellent command of German and English
- Analytical way of thinking, excellent conceptual skills as well as accurate way of working

WHAT YOU'LL RECEIVE

- A successful, privately owned company with a strong focus on culture and values
- A cooperative, appreciative working environment with your own area of responsibility
- Flexible working hours and many benefits
- Cooperation with international teams
- Contribution to the creation of future-oriented business areas
- Flat hierarchies and short decision-making processes
