

APPRENTICESHIP TRAINING – DESIGN ENGINEER (M/F/D)

Take your future into your own hands and start your apprenticeship at TGW in September 2021. TGW Logistics Group plans and implements highly automated logistics centres for international customers from A as in Adidas to Z as in Zalando.

You are looking for variety, are solution-oriented and very interested in technical models and drawings? You have successfully completed your compulsory education and want to start a career? In this case, we are looking forward to receiving your application!

WHAT'S WAITING FOR YOU

- Design of models and creation of sketches and drawings
- Construction of machines and installations (using CAD programs)
- Technical calculations
- Development of functional solutions for our customers
- Planning and control of the manufacturing processes of your designs

WHAT YOU'LL NEED

- Successfully completed compulsory education
- Great interest in technology, especially design engineering
- Ability to work in a team, reliability and commitment
- High willingness to learn and accuracy

WHAT YOU'LL RECEIVE

- A professional **education**
- A future-proof, stable and appreciative environment
- Room for learning and growing (e.g. additional professional and English courses, apprenticeship combined with A levels, preparation courses for vocational school and the final apprenticeship exam)
- Many **benefits** (e.g. employee restaurant, in-house fitness centres and a multifunctional area for leisure, exercising and working – the **TGW Activity Garden**).

At the start of your four-year apprenticeship, there will be a two-day workshop with all apprentices and the apprentice trainers. You will not only receive an apprentice's wage of 738.78 EUR (in the 1st year) but also bonuses if you complete your education at the vocational school with excellent grades and if you show outstanding commitment. Our goal is that you will continue your career at TGW after your apprenticeship. Depending on your strengths and interests, you have many different possibilities.

HOW TO APPLY AT TGW

- Submission of your application documents on our online portal
- (cover letter, curriculum vitae, school reports of the last two years)
- Scheduling of a trial workday (after the complete application documents were reviewed)
- Invitation to attend a competence check (questions about TGW, general knowledge, German, English, mathematics and concerning the field you
