

# SAP PROJECT MANAGER (M/F/D)

TGW Logistics Group as an international, fast-growing company is one of the global players in the intralogistics industry. You will make an important contribution to the design and implementation of strategic initiatives of the TGW group. You will support and coordinate the development, definition, design and local implementation of inter-company processes, standards and guidelines. The issues you will deal with are manifold; they range from operation topics like SAP introduction and project controlling to risk management and strategic initiatives in order to ensure the continuous optimisation of our project realisation.

	Type de contrat de travail	à temps plein
	Catégorie	Gestion de projet
	Lieu de l'emploi	Marchtrenk, Upper Austria

## WHAT YOU'LL BE HANDLING

- SAP project management incl. progress control as well as coordination of SAP Key User
- Handling SAP interface issues, such as assisting in data migration and integration testing as well as compiling test and user documentations
- Support in global project controlling incl. consolidation and creation of project status reports (date, costs, quality/technology, resources, chances, risks)
- Analysis of weak spots and conception of precise improvement measures for the realisation of customer projects
- Development of standards, methods and tools in global project management
- Creation of presentations with respect to strategic and operational issues
- Constant exchange and close collaboration with our international units

## WHAT YOU'LL NEED

- Completed economic or technical education (Secondary Business School HAK/Higher Technical College HTL and/or university)
- At least 3-5 years of project management experience, ideally experience in plant engineering
- SAP Implementation knowledge
- Distinct social and intercultural skills as well as willingness to travel up to 20% of working time (mostly in Europe)
- Open and communicative personality
- Enthusiasm, high commitment and analytical thinking
- Very good command of German and English

## WHAT YOU'LL RECEIVE

- A successful, international company with a strong focus on culture and values
- A collegial working environment in an experienced team
- Flexible working hours and many benefits
- Cooperation with international teams
- The opportunity to work with the latest technologies in a modern environment
- Flat hierarchies and short decision-making processes

The minimum annual gross pay for this position is 42,054 Euros according to the collective agreement. A possible overpay depends on your individual job experience and qualification.
