

EMPLOYEE FOR TECHNICAL DOCUMENTATION (F/M)

As part of the realisation department you will support the team in creating technical system documentations. With your passion for detail and your very good orthographic skills you will significantly contribute to the ideal creation of our customer documentation and consequently to the project business.

TASKS

- Creation of system documentations for our customers all around the world
- Textual and graphical creation and formatting of the system-specific documentation
- Technical assessment of the documentation and filtering of essential information
- Continuous consultation with the technical realisation, product development and standardisation departments

REQUIREMENTS

- Completed commercial or technical education (e.g. apprenticeship or vocational school)
- First job experience would be of advantage
- Profound knowledge of MS Office, especially Word and Excel; Photoshop skills would be of advantage
- Excellent command of German, good English skills
- Affinity for technology as well as accurate and structured way of working

WE OFFER

The minimum annual gross pay for this position is 30,230 Euros according to the collective agreement. A possible overpay depends on your individual job experience and qualification.

Furthermore, we offer flexible working hours, a cooperative working environment with attractive benefits and exciting development opportunities. Use your know-how and skills in a motivated team and start in an interesting field of responsibility in an international network for automated logistics technology.

Living Logistics. Promoting Careers.
